Important Notes:

Horse registration can be done at any time during the membership year but, horses must be registered (including volunteer card or \$50 fee) by January 31st in order for points to count from December of the previous year. Otherwise, points will accumulate from the date the complete forms are received in the Membership Office.

Both *horse owner and each rider must be NCDCTA members* at the time of the show in order for the horse to accumulate points towards Horse of the Year (HOY) points.

A full day (or two half-day) volunteer card must be on file in order to accumulate points towards HOY awards. In Lieu of the Volunteer Card, an annual fee of \$50 may be paid to complete the horse registration.
